Rink 1		✓

NOTE: RINK 7 IS TESTED ONLY IF REQUESTED BY CLUB

COMMENTS (IF ANY)

- 1) Rink measurements need to be equal on each side of the green (ideally each rink should be the same measurement).
- 2) Each side of the green needs to be built up with top dressing during the autumn to alleviate the fall away. For this season we suggest leaving one foot of slightly longer grass from the edge of the ditch.
- 3) The lines on each rink were very good
